## THE LATEST.

Sam Jett and Mose Feltnor have  
filed sensational affidavits with Judge  
Riddell, of the Breathitt Circuit Court,  
asking for military protection when  
they go to Jackson to answer to the  
call of the indictments against them.  
Both men state that they will be killed  
unless furnished a guard, and both  
have filed petitions for change of venue.  
The affidavits supporting the petitions  
allege that under existing conditions it  
will be impossible for them to secure a  
fair trial in Breathitt county.

A semi-official announcement has  
been made in St. Petersburg of the ap-  
pointment of Vice Admiral Birileff as  
commander of the Pacific fleet. Rumors  
of the death of Rojstvensky are in cir-  
culation in London and Paris, but the  
Admiralty at St. Petersburg denounces  
the reports as ridiculous. A renewal of  
fighting on a large scale seems immin-  
ent in Manchuria, but so far only  
minor skirmishes are reported.

The Burley Tobacco Growers' Com-  
pany proposes to issue \$1,500,000 worth  
of stock, half common and half pre-  
ferred, to secure capital to control the  
white Burley tobacco crop. The dele-  
gates from the white Burley counties  
met in Lexington yesterday afternoon  
and last night to consider the plans  
of the company's committee. Several  
changes were made.

The Merchants' Trust Company, of  
New York City, was closed yesterday  
by order of the State Superintendent of  
Banks. The cause of the company's  
embarrassment was the lending of  
money on collateral which could not be  
readily realized on. By assessment on  
the stockholders it is believed the de-  
positors can be paid.

Mayor Weaver, of Philadelphia,  
struck the first blow by the executive  
office in the fight over the gas lease  
yesterday, when he removed the heads  
of two of the city departments. What  
other steps he contemplates is not  
known. He has retained Elihu Root as  
one of his counsel in the fight.

The grand jury at New Orleans has  
returned indictments against two of-  
ficers of the police department of the  
city, charging bribery. The officers  
are in receipt of corruption money, ac-  
cording to the grand jury's report, to  
connive at violations of the gambling  
and Sunday laws.

The Ohio Republican convention,  
which meets to-morrow in Columbus,  
is exciting little interest, and it is prob-  
able that two short sessions will be  
sufficient to complete its business.  
Secretary Taft, who will be temporary  
chairman, will not arrive till to-day.

All efforts to bring about a settle-  
ment of the teamsters' strike in Chicago  
have been foiled and the outlook is that  
the strike movement will spread. Sher-  
iff Barrett says he will call for troops  
at the first outbreak of rioting.

A repetition of the scenes witnessed  
in the House of Commons Wednesday  
night was avoided yesterday by Pre-  
mier Balfour's promise that a day  
would be appointed for debating the  
vote of censure on the Ministry.

The State Railroad Commission in  
session yesterday at Shelbyville dis-  
missed several complaints against railroads.  
It heard evidence in complaints against  
the express companies and reserved its  
decision.

Justice Harlan's plan for the erection  
of a Presbyterian cathedral in Wash-  
ington is encountering considerable op-  
position in the Northern Presbyterian  
General Assembly at Winona Lake.

The city bacteriologist of Cincinnati  
has made an analysis of Ohio river  
water and determined that there are  
\$20,000 living germs in every cubic inch,  
or about a swallow.

Mrs. Mary A. Livermore, the noted  
author and woman suffragist, died at  
her home in Melrose, Mass., yesterday  
at the age of eighty-five. She was born  
in Boston.

The Field Columbian Museum, of Chi-  
cago, is equipping an expedition to ex-  
plore the heart of Africa and to shoot  
big game for its collection of stuffed  
animals.

The Southern Industrial Parliament  
began its sessions at Washington yester-  
day. The feature of the day was an  
address by Gov. Glenn, of North Caro-  
lina.

It is semi-officially announced in St.  
Petersburg that Kallieff, the murderer  
of Grand Duke Sergius, of Moscow, was  
hanged yesterday.

day directed a raise of 3 per cent.  
on the valuation of real estate in Louis-  
ville.

## BIRILEFF

Made Commander of the  
Pacific Fleet.

## TO REPLACE ROJSTVENSKY

IN CASE LAFFLE IS KILLED IN  
NAVAL BATTLE.

## DEATH OF VICE ADMIRAL

Rumored in London and Paris, But  
St. Petersburg Says Report  
Is Ridiculous.

## SKIRMISHES IN MANCHURIA.

St. Petersburg, May 23.—A semi-  
official announcement was issued to-  
night that "Vice Admiral Birileff has  
been appointed commander of the Pa-  
cific fleet, with authority as commander  
of an independent force."

Paris, May 23.—Nothing is known here  
of the report that Vice Admiral Rojst-  
vensky is dead except a brief extra  
from a London paper, to which no im-  
portance is attached owing to the com-  
plete absence of knowledge of the where-  
abouts of the Russian fleet. The official  
of the Russian embassy here dis-  
credits the rumor as circulated in the  
interest of the Japanese.

NO NEWS OF ROJSTVENSKY,  
But the Admiralty Ridicules the Re-  
port of His Death.

St. Petersburg, May 23.—The Asso-  
ciated Press was informed at the Ad-  
miralty to-day that no direct advices  
have been received from Vice Admiral  
Rojstvensky for ten days, when it is  
believed he set out on his long voyage.  
The report of Rojstvensky's death was  
ridiculed at the Admiralty.

The sending of Vice Admiral Birileff  
to Vladivostok, it is now explained, is  
a natural precautionary measure for  
the purpose of having an energetic  
commander at Vladivostok to replace  
Rojstvensky in the event that the  
latter is killed or disabled during the  
coming sea fight. Admiral Togo's ves-  
sels will concentrate their fire on the  
Russian flagship. Should Rojstven-  
sky come out of the fight victorious and  
enjoying health, it is considered a fore-  
gone conclusion that he will be re-  
warded by appointment to the supreme  
command. Fortunately the best rela-  
tions prevail between Rojstvensky and  
Birileff, and the latter would be glad  
to give way to his victorious colleague.

GEN. LINEVITCH'S REPORT  
Tells of Minor Successful Operations  
Against the Japs.

St. Petersburg, May 23.—Gen. Line-  
vitch in a dispatch from the front dated  
May 21 announced that the Russian de-  
tachment east of the railroad which  
on May 18 approached the village of  
Shahote was attacked by a consid-  
erable force of Japanese from the  
coal mines south of that place occupied  
Shahote May 19 and continued south-  
ward May 20. Prince Troubetsky's  
detachment met the Japanese artillery  
fire May 17 near Changtufu station,  
but the Japanese were forced to evacu-  
ate the position and retreat southward.  
The Prince, May 20, advanced farther  
southward and another Russian detach-  
ment, May 20, exchanged rifle fire with  
a strong Japanese force, occupying the  
village of Armaghan, about four miles  
west of Kinkuchan.

## RENEWAL OF FIGHTING

In Manchuria Is Expected At Any  
Moment.

St. Petersburg, May 23.—The news  
from the front continues to point to the  
imminence of a renewal of fighting on  
a large scale. Gen. Linevitch is press-  
ing the Japanese center both on the  
line of the railway and on the Man-  
darin road, but whether he is simply  
feeling out Field Marshal Oyama's  
strength or has assumed a genuine of-  
fensive is not yet clear. There is no  
doubt, however, that Linevitch has  
made complete preparations for a big  
battle. All the Russian sick and wound-  
ed who were at Harbin and places  
south of these have been transported  
westward to Irkutsk and orders  
have been given to clear the interven-  
ing hospitals. The sanitary trains have  
also been ordered to the front.

## RUSSIAN CAVALRY

Defeated in Skirmishes With Ja-  
panese Rear Guards.

Tokio, May 23.—Noon.—Imperial army  
headquarters reporting to-day says:  
"The Russian cavalry, which de-  
tached toward Fakuken from the right  
bank of the Liao river, was frequently  
defeated by our rear guards. On May 20,  
after their failure in the vicinity of  
Tafangshan, they camped with the  
main strength at Shaotatzu, twenty-six  
miles from Fakuken, and on May 21  
they retreated to the right bank of the  
Mallen river. A number of companies  
of the enemy's force remaining on the  
left bank of the Mallen river were de-  
feated and retreated northward in dis-  
order."  
"Otherwise the situation is unchang-  
ed."

## Continued For a Fortnight.

London, May 23.—H. N. Brailford,  
of Hemsted, a writer on Balkan and  
Macedonian question, and H. M. Mc-  
Cullough, who is understood to be an  
actor and who procured the passport  
found on the body of the bomb manu-  
facturer killed by an explosion of one  
of his bombs in the Hotel Bristol, St.  
Petersburg on March 11, were arraigned

at Bow-street Police Court to-day. The  
case was adjourned for a fortnight.

## Forty-four Russian Lunatics.

Chefoo, May 23.—Tuesday, 9 p. m.—  
Forty-four lunatic Russian sailors and  
soldiers from Port Arthur, including  
a violently insane Lieutenant, who was  
on the Sebastopol during the siege, ar-  
rived here to-day and were immediately  
transferred to the Russian improvised  
hospital Whampoa, under the British  
flag, for transportation direct to  
Odessa.

## Banking Correspondence Tied-Up.

Chefoo, May 23.—8 p. m.—The office  
of the Russo-Chinese bank at Port  
Arthur, since the capitulation of that  
fortress have been unsuccessfully en-  
deavoring to secure the release from  
the Japanese of the bank of over one  
hundred bags of banking and other  
commercial and private correspondence,  
delivered in care of the bank for dis-  
patch from the besieged city.

## Kallieff "Officially" Hanged.

St. Petersburg, May 23.—It was semi-  
officially announced to-day that Ivan  
Kallieff, who murdered the Grand Duke  
Sergius at Moscow, February 17, was  
hanged at 3 o'clock this morning.

TWO MORE YEARS  
IN PRISON FOR MACHEN.

Washington, May 23.—August W.  
Machen, under sentence of two years'  
imprisonment for his connection with  
the post office robbery gang, today was  
sentenced to an additional term, in which he  
is charged jointly with Crawford and Lo-  
renz with conspiracy in the purchase of  
letter-carriers' satchels, and was sen-  
tenced to an additional two years'  
imprisonment. Several other in-  
dictments involving similar charges  
will be used.

## NEVADA BANK

MAKES AN UNUSUALLY BAD  
FAILURE.Most Disorganized State of Affairs  
In Its Accounts and But  
Small Assets.

Goldfield, Nev., May 23.—The Gold-  
field Bank and Trust Company, with  
liabilities of \$18,257 has failed. The as-  
sets so far discovered are \$4,821, of  
which \$4,800 is in notes. There was  
\$16 in the vault and a two-dollar gold  
piece was found under the counter.

The most disorganized state of af-  
fairs found in the books of the bank,  
J. B. Young, president of the bank,  
is also president of the Goldfield  
Lumber and Coal Company. Two  
checks drawn on the John Cook Bank  
here by W. R. Hale, of San Francisco,  
each for \$5,000 in favor of Francis L.  
Burton, promoter of the Goldfield Lumber  
Investment Company, were recently  
paid by the insolvent bank. One of  
these checks was dated the twenty-  
third and was paid on the twelfth.  
It was evidently presented at the Cook  
Bank by the Goldfield Bank and Trust  
Company, as it is stamped "no funds."

W. R. Hale having no account there,  
the bank has two cashier debit slips,  
one for \$38,000 and another for \$7,300,  
account stocks and bonds as collateral.  
Cashier James R. Boals was found  
at Hawthorn late last night. A tele-  
gram has been received from Burton  
in San Francisco denying that he has  
anything to do with the failure and  
stating that President Young is there  
with the bank's collateral endeavoring  
to get assistance.

## PRESIDENT MAKES STATEMENT.

Declares He Had Nothing To Do  
With Bank's Bad Condition.

San Francisco, May 23.—J. B. Young,  
president of the Goldfield Bank and  
Trust Company, declared that he had  
nothing to do with bringing about the  
failure of the bank, which he said was  
the result of the mismanagement of  
the bank and its officers.

A meeting of the United Employers'  
Association of Wood Industries, em-  
bracing 135 firms owning lumber yards,  
planing mills, and saw mills, was held  
to-day, and it was decided to make  
deliveries to boycotted houses  
and the usual strike followed. Other  
firms to the number of fifty-five be-  
longing to the Lumbermen's Exchange  
will make similar requests of their  
men to-morrow, and by night it is ex-  
pected that the full number of 2,000  
drivers employed by these lumber com-  
panies will be on strike.

## BRIBERY CHARGED

AGAINST NEW ORLEANS POLICE  
OFFICERS.Violations of Gambling and Sunday  
Law Allowed For Pay It  
Is Alleged.

New Orleans, May 23.—The grand  
jury presented indictments against two  
commanding officers of the police de-  
partment to-day, in connection with  
sensational reports of the extensive  
corruption on a grand scale in the  
police and detective departments. The  
jury declares that lottery shops and  
gambling exist with little interruption  
on the part of the police, and that the  
Sunday law is openly violated.  
The condition of both departments of  
the police is declared to be deplorable,  
and Inspector Journe is arraigned as  
utterly incompetent. The difficulty the  
jury has had in getting evidence has  
been due, it is explained, to the fact  
that unfaithful members of the force  
continue to hold their offices and re-  
fuse to give each other away. Com-  
plete reorganization of the force is de-  
manded, and an inspector not con-  
nected with the present department.  
The indictments are against Captain  
Francis Colongue and Corporal James  
Quinn for receiving bribes to let gam-  
blers run.

## D. C. O'Malley, Wm. Smalley and R.

St. Petersburg, May 23.—Imperial army  
headquarters reporting to-day says:

tached toward Fakuken from the right

## OPEN WAR

Between the Teamsters  
and the Employers.

## HOPE OF SETTLEMENT GONE.

EXPRESS COMPANIES WILL NOT  
TAKE STRIKERS BACK.

## MORE DRIVERS GOING OUT.

Sheriff Barrett Will Ask For Troops  
At First Outbreak of  
Rioting.

## MILITIA READY FOR ACTION.

Chicago, May 23.—All prospects of  
peace in the teamsters' strike have dis-  
appeared and it will be open war from  
this time on. The last conference held  
toward a peaceable adjustment was  
held at 6 o'clock to-night between James  
B. Barry, business agent of the Ex-  
press Drivers' Union, and the local  
managers of the seven express compa-  
nies. The conference had been set for  
an early hour in the afternoon, but  
owing to the failure of Mr. Barry to  
receive proper notice it was postponed  
until this evening. When the meeting  
finally took place the conversation was  
brief and pointed. Business Agent  
Barry opened the negotiations by say-  
ing:

"Our position is this: I want all the  
men reinstated except those who have  
been guilty of violence. I cannot do  
anything different. That is what the  
local union wants and that is what  
the local officers have told me to de-  
mand. That is all I can do. The men  
told me that they want to go back  
in a body or they won't go back at all.  
That is the position of the union and  
the union officers."

## Brief and To the Point.

The reply of the representatives of the  
express companies was brief. It was:  
"Our opposition to the reinstatement  
of the men will be the same four years  
from now as it is to-day. We will not  
take them back under any circum-  
stances."

This brought the conference to a  
close and all parties concerned in it  
immediately left the City Hall.

The spread of the strike to-day was  
not as large as was expected, and it  
was understood in many quarters that  
there was still a possibility of peace  
being reached. Four hundred and six-  
ty-eight firms belonging to the Lum-  
bermen's Association went out to-day.

## EIGHT PEOPLE HURT

IN LOUISVILLE AND NASHVILLE  
WRECK.Washout Near Columbia, Tenn.,  
Causes Two Sleeping Cars To  
Go Over Embankment.

Nashville, Tenn., May 23.—Passenger  
train No. 1, south bound, on the Louis-  
ville and Nashville railroad, was  
wrecked this morning at the bridge  
over the Cumberland river, four miles south  
of Columbia. The wreck was due to a  
washout, the bridge having become un-  
dermined. Eight people were more or  
less injured, but no one was killed.

The entire train passed over the  
bridge safely except the two rear sleep-  
ing cars, which went over the embankment  
in seven feet of water.  
Mrs. J. H. Drakeford, of St. Louis,  
was injured by being drowned before she  
was rescued.

## Not Looking For Peace.

Edward Hines, president of the Asso-  
ciation of Wood Industries, said to-  
night that the members of the organiza-  
tion "are not looking for peace."  
"Peace! I am not looking for it. I  
am in this thing now to fight it out.  
We may just as well have it over once  
for all. The Employers' Association of  
Wood Industries is affiliated with the  
Chicago Employers' Association, which  
has been fighting the strike thus far  
and, of course, we will work in con-  
junction with them. The reason that  
more men did not go out to-day was  
because some of the orders to the boy-  
cotted houses had to be taken in re-  
sponse to the strike. The orders to-day  
were given for deliveries to strike-  
bound houses were met by the team-  
sters with a refusal to do the work and  
the men were immediately discharged."

## Others May Become Involved.

With the union drivers employed by  
the Lumbermen's Association on strike  
it will be only a matter of short time  
until outside unions will become in-  
volved in the trouble. Just as soon as  
the building material on hand now has  
been used up and an attempt is made  
to make deliveries with nonunion  
drivers the other labor unions employ-  
ed on the work will have to refuse to  
handle nonunion material. Unless the  
strike is settled within a short time  
the trouble will become a general one  
and other affiliated organizations are  
bound to become involved in the dif-  
ficulty.

## FEW VETERANS LEFT

## TO ATTEND REUNION.

Dallas, Tex., May 23.—About 150 vet-  
erans of the war with Mexico are here  
to attend the annual reunion of mem-  
bers of the National Mexican War Vet-  
erans' Association which begins to-day.  
The Texas Association of Mexican War  
Veterans is also holding a meeting in  
Dallas at the same time. The average  
age of those present is in excess of  
eighty years old. The oldest man at-  
tending is Barney E. Wade, of Chilton,  
Texas, who is ninety-nine years of age  
and hale and hearty.

## Troops Will Be Needed.

The city officials and Sheriff Barrett  
feel well-nigh hopeless of being able to

maintain order in the lumber district  
and at the same time protect wagons  
in the downtown streets as they have  
been doing thus far in the strike. It  
would require a force of at least 2,000  
men to effectively patrol the lumber  
district alone and this number the city  
officials have not to spare. Drivers  
therefore, been determined that at the  
first outbreak of rioting such as marred  
the strike ten days ago, call will be  
made on Gov. Deneen for military as-  
sistance.

Sheriff Barrett said to-night:  
"The first outbreak of trouble  
which in any way approaches the riot-  
ing we have had a call for troops will  
be made. I will do everything in my  
power to maintain order, but the minute  
it gets beyond me I will appeal to  
the Governor and the troops will be  
on the ground within less than two  
hours."

The troops which will be first ordered  
out if the necessity arises composed of  
the First brigade of the Illinois National  
Guard, commanded by Brig. Gen.  
George D. Merrill. It comprises the  
First, Second, Seventh and Eighth reg-  
iments of infantry, the last being a col-  
ored regiment and the first a regiment  
of cavalry, in all about 4,000 men.

## Soldiers Getting Ready.

Every preparation has been made for  
a prompt response by the National  
Guard and a large consignment of riot  
gear has been received. The troops  
differ from the ordinary rifle bullet in  
that they contain three buckshot each  
in place of the single shot bullet. The  
General Scott was in Chicago for a  
few hours to-night looking over the  
situation, but left for Rockford, Ill.,  
late to-night to attend the State  
G. A. R.

Judge Kohlman, of the United States  
Court, at St. Louis, has ordered that  
Cornelius P. Shea, president of the  
Teamsters' Union; James B. Barry,  
business agent for the Express Drivers'  
Union; and John H. Donahue, a striking  
express driver, and Bernard Mullin,  
another striking express driver, be  
brought to St. Louis to answer to the  
charges against them. The judge has  
ordered that the men should answer cer-  
tain questions after they had claimed  
the constitutional right to refuse to  
answer on the ground of possible in-  
crimination, lasted from 10 o'clock in  
the morning until 5 o'clock in the after-  
noon. Each question was brought up  
in turn and the court passed upon its  
admissibility.

## Must Answer Questions.

In order to enforce the order that the  
men should answer the questions put  
to them, Judge Kohlman has ordered  
thirty-seven men be called into court  
to show reason why they should not be  
punished for violating the order. The  
injunction of court forbidding inter-  
ference with the management of the wa-  
gons of the express companies. Twenty-  
seven men were called into court to  
show why they should not be punished  
for contempt in violating the order of  
court.

## Resignations Were Asked.

The removal of Directors Smyth and  
Costello did not come until after the  
Mayor had asked them to resign im-  
mediately. In reply each sent a letter to  
the Mayor offering his resignation to  
take effect when his successor "shall be  
qualified." No action was taken  
against any employee in the Department  
of Public Health and Charities.

night that the members of the organiza-  
tion "are not looking for peace."  
"Peace! I am not looking for it. I  
am in this thing now to fight it out.  
We may just as well have it over once  
for all. The Employers' Association of  
Wood Industries is affiliated with the  
Chicago Employers' Association, which  
has been fighting the strike thus far  
and, of course, we will work in con-  
junction with them. The reason that  
more men did not go out to-day was  
because some of the orders to the boy-  
cotted houses had to be taken in re-  
sponse to the strike. The orders to-day  
were given for deliveries to strike-  
bound houses were met by the team-  
sters with a refusal to do the work and  
the men were immediately discharged."

## Others May Become Involved.

With the union drivers employed by  
the Lumbermen's Association on strike  
it will be only a matter of short time  
until outside unions will become in-  
volved in the trouble. Just as soon as  
the building material on hand now has  
been used up and an attempt is made  
to make deliveries with nonunion  
drivers the other labor unions employ-  
ed on the work will have to refuse to  
handle nonunion material. Unless the  
strike is settled within a short time  
the trouble will become a general one  
and other affiliated organizations are  
bound to become involved in the dif-  
ficulty.

edge he would take immediate legal steps to have the members of said conspiracy arrested and properly dealt with according to law; but affiant says that by reason of the intense hatred which exists between James Hargis, Alex. Hargis and Ed Callahan towards the defendant he feels and believes that they very much desire his death and would not hesitate to have him killed and they would feel and believe that they would and would have him assassinated if the opportunity presented itself. He says that he has heretofore prepared his petition for a change of venue of his case from Breathitt county and has sworn to same and has sent same to Jackson, to be filed, and has heretofore with reference to said petition and makes it a part of this affidavit as fully as it is incorporated herein, and filed herewith as a part hereof a copy of same marked "petition" for identity.

He says that Alex. Hargis, James Hargis and Ed Callahan have the most hostile feelings towards this affiant, and that he was largely instrumental in having them indicted in the Fayette Circuit Court, charging them with the murder of James Cockrell, this affiant's nephew. He says that he has employed the attorneys to prosecute the persons named in or indicted in the indictment of James Cockrell; that Curtis Jett and William Britton have been heretofore convicted for the murder of James Cockrell, and that James Hargis, Alex. Hargis, Ed Callahan and John A. Smith are under indictment in the Fayette Circuit Court as parties to said killing, and John Smith and John A. Smith are under indictment in the Breathitt Circuit Court for the same offense.

### Only Relative Who Will Prosecute.

He says that he is the only relative or connection of James Cockrell who is able or who has evinced any purpose to prosecute the murderers of his nephew. He says that if he were killed and out of the way there would be no other relative or friend of Cockrell who knows of the way he would be willing to put up his time and money for the prosecution of James Cockrell's murderers, and he states that he believes with him out of the way the prosecution of James Cockrell's murderers would be a great extension, and he says that he has heretofore been instrumental in having James Hargis, Alex. Hargis and Ed Callahan indicted in the Fayette Circuit Court as parties to said killing, and John Smith and John A. Smith are under indictment in the Breathitt Circuit Court for the same offense.

Affiant says he first incurred the enmity of the Hargises and Callahan when he took an active part in the defense of Tom Cockrell, charged with the killing of Ben Hargis, a brother of James Hargis, and Ed Callahan, and since that time, for about three years, he has not been in the town of Jackson, and he says that he has been on account of fears which he has for his personal safety. He says that he has been told by James Hargis and Ed Callahan that he is a traitor and that he is a spy, and he says that he has been told by James Hargis and Ed Callahan that he is a spy and that he is a traitor.

Bear the Rev. B. B. Bigstaff's Body To Grave.

SIMPLE FUNERAL SERVICES.

BLUEGRASS FARM NEAR LEXINGTON SELLS FOR \$41,037.50.

BIG CROWD ATTENDS SALE.

Lexington, Ky., May 23.—[Special.]—The Rev. Benjamin B. Bigstaff, the noted Confederate soldier and mountain evangelist, who died at the Good Samaritan Hospital here yesterday morning, was laid to rest in the Confederate lot in the Lexington cemetery this afternoon. His remains being tenderly borne to the grave by comrades. The funeral services were conducted at 3 o'clock at the First Presbyterian church. They were brief and simple and in accord with the often expressed wish of Mr. Bigstaff. The body was taken to the church from the home of R. M. Reid, an old comrade. The services at the church were conducted by Rev. G. H. Rout, of Versailles, assisted by Rev. Edwin Muller, pastor of the church, while the services at the graveside were according to the Confederate burial ritual, being read by Major O. S. Tenny.

The funeral was attended in a body by the Confederate veterans, many of whom were present from various sections of the State, among these being Gen. Basil W. Duke, of Louisville. Many relatives of the dead evangelist were present, among them being his three brothers, Sam, Richard and James Bigstaff, also a number of friends from Breathitt county. The pall-bearers were of Mr. Bigstaff's own selection and were, Clarence Henderson, D. H. James, R. M. Reid, P. H. East, C. F. Estill, Alex. Mackin, J. D. Hunt and W. N. Offutt.

Bluegrass Farm Brings \$41,037.50.

The James Dedman farm of 285 acres, situated seven miles from Lexington on the Military pike, and owned by the estate of the late Mrs. Lucy Martin, was sold at auction to-day, being bought by Isham Bailey, of Versailles, for \$41,037.50, an average of \$147.50 per acre.

The sale was largely attended, over 1,000 persons from this and adjoining counties being present. One hundred and forty-five acres of the land is in wheat, eighty acres in grass, fifty acres in corn, while fifty acres is in beautiful woodland, surrounding the house.

Struck With a "Black Jack."

Thomas Coyne, white, aged about forty-two years, an employee of Dolan Bros., suffered a scalp wound from a "blackjack" in the hands of William Drummy this afternoon while Coyne was in Drummy's place of business on Mill street, threatening to "clean out" the house.

Coyne was found by the police wandering down Mill street with the blood streaming from the wound in his head, and he was taken to police headquarters and Dr. Helm sent for. Coyne, however, refused at first to let the physician examine his wound, but after he became sober his head was dressed. He made the charge that Drummy had struck him, and when seen Drummy stated frankly that he had hit Coyne over the head with a "blackjack" or billy, and put him out of the house. Drummy was not arrested.

Saloonkeeper Accidentally Shot.

Noah Proctor, proprietor of a saloon on Wilson street, was accidentally shot this morning, the discharge of the rifle being due to letting it fall as he was in the act of getting into his buggy. Proctor was with Harry Higgins and they had been to the Higgins home in the country. Proctor stopped the flow of blood as best he could with his handkerchief and drove hurriedly to town, where Dr. Bannister extracted the bullet and dressed the wound.

Arranging For State Fair.

At a meeting of the Chamber of Commerce to-night, Desha, Breckinridge, Shelby T. Harrison and Jacob Estill were selected as the Lexington members of the Board of Control for the State Fair, to act with the five members to be selected by the Live Stock Breeders' Association, one of whom will be M. A. Scoville, also of this city, who is president of the association.

The Chamber of Commerce has selected a committee composed of Thomas A. Combs, W. B. Brock and J. W. Porter to attend to the underwriting of the \$12,500 guarantee fund to be raised by the citizens of this city towards making the fair a success.

Nothing was done with reference to the selection of a man to act as secretary of the fair, as the matter is to be left with the entire Board of Control, but he is to be a Lexington man. Several men have been mentioned for the place.

## HARVARD MEN

Come To Louisville Friday For Big Meeting.

THEIR FIRST VISIT SOUTH.

LOCAL ARRANGEMENTS ON ELABORATE SCALE.

PRESIDENT ELIOT A GUEST.

The annual meeting of the Associated Harvard Clubs will be held in Louisville, beginning Friday evening and continuing Saturday. In the United States there are twenty-four of these organizations, eight of which are located in the South. The officers of the local club expect about 150 of the best educated men in the country to be in attendance at the meeting. They expect to entertain some of the oldest graduates of the institution now engaged in active life, among whom are leaders in their chosen professions or vocations.

This will be the first time the members of the Associated Harvard Clubs have ever met in a Southern city, which the Harvard graduates here deem quite an honor for Louisville. The invitation to meet here was extended at the meeting at Indianapolis, Ind., by Augustus E. Willson, who was then the retiring president of the organization. He assured the members that they would never regret coming to Louisville and the local Harvard men are anxious to make every effort to make Mr. Willson's visit.

Harvard's President Coming.

Of course, the most distinguished visitor on the occasion will be Prof. Charles William Eliot, president of Harvard University. This will be his first visit to the South and undoubtedly will carry some significance with it. President Eliot will come direct from Cambridge, Mass., to Louisville, arriving at the Tenth-street station at 2:45 o'clock Friday afternoon. He will be met by members of the Reception Committee, of which Augustus E. Willson is chairman, and escorted to the Seelbach, at which hotel the meeting of the clubs will be held. President Eliot will remain in the city until 2:45 o'clock Sunday afternoon.

Among other noted visitors who are expected are Prof. Nathaniel S. Shaler, formerly chief of the United States Geological Survey, who had much to do with the development of Kentucky's mineral resources, and Prof. Ira Holts, formerly of Kentucky, but now of the Lawrence Scientific School.

Most all the visiting alumni will arrive in time for the smoker, which takes place at 8 o'clock Friday evening on the roof of the Seelbach. This is expected to be an enjoyable social feature of the meeting of the graduates. The visitors will be given a delightful time. The business session of the meeting will be held at 10:30 o'clock Saturday morning in the assembly room of the hotel.

Another pleasant feature of the occasion will be the luncheon given at noon Saturday at the Congress Club by the local alumni of Yale University. The visitors will be given a reception at the Woman's Club from 2:30 to 3:30 o'clock Saturday afternoon. The annual dinner will take place at the Galt House at 8 o'clock Saturday night. At this dinner several addresses will be made, chief of which will be the address of President Eliot of Harvard University. It is expected that he will make a statement in regard to the policy of the university toward the South.

The officers of the local Harvard Club are as follows: President, B. B. Hutton; first vice president, Augustus E. Willson; second vice president, Alex. Barrett; secretary and treasurer, Percy N. Booth; executive committee, A. S. Brandeis, J. S. Bell, Alex. Barrett, B. B. Hutton and Percy N. Booth.

Wife and Mother Becomes Violently Insane.

MRS. DEAL'S PITIABLE CASE.

HUSBAND, DAUGHTER AND THREE SONS IN JAIL FOR CRIME.

TRAGEDY IN THE MOUNTAINS.

Greenup, Ky., May 23.—[Special.]—Mrs. Catherine Deal, mother of the notorious Deal gang, has been found violently insane, wandering from place to place. That her mind remained sound as long as it did is wonderful. Her husband, one son and a daughter are in jail at West Union, O., charged with crime, another son was recently killed by a trap gun, while attempting to break into a store at Wayne, W. Va., and two more sons are in jail at Wayne under indictment for robbery.

Mrs. Deal has been left destitute for several months, and the arrest of her daughter caused her mind to give way.

During the past year nothing but good feeling and an endeavor to get the old boys that wore the blue into closer fellowship."

Commander Bausmith thanked the members of the department for the assistance they had afforded him and paid high tribute to the Sons of Union Veterans, the Woman's Relief Corps and the Ladies of the G. A. R., and for the work done by them in the past year.

All prospects in London point to easy money through that level the usual course in a speculative market is a considerable additional decline.

It became evident very quickly to-day, how-

the nervous feeling caused by yesterday's weakness had resulted in any considerable amount of the selling pressure. Public announcement was made yesterday that the suspension of the Merchants' Trust Company and professional bank traders followed their invariable rule of buying stocks to cover short contracts when the bad news which indicated the selling had come out. There was a very general opinion that if the trouble of this trust company was the indication to the selling of yesterday the process had been considerably overdone, so that it behooved the sellers to reverse their course. It occurred to the vast majority of the traders, however, that the arrest of the selling in the early hours yesterday had been but a prelude to heavier selling as the day advanced. The reaction of the first hour in consequence wiped out practically all of the gains.

The second upward movement was due to a feeling of reassurance that the pressure to sell did not develop the dreaded volatility. Covering of short contracts put out during the decline yesterday undoubtedly played a considerable part in the wide recovery on the second movement. This was shown by the special prominence in the advance of the stocks which suffered most on yesterday's decline. When the urgent demand from the shorts had been satisfied the security of any other buying became conspicuous and speculation immediately overcame the speculative mind again.

Immediate news of the day had little to do with the course of prices. It remains true that the season of liquidation and the closing up of the business through the certainty of many changes in the influence from that held on the speculation. The difficulties of the Merchants' Trust Company have been generally understood for some time, and their origin in old standing conditions deprived the incident of any power for violent effect. There is, however, much reason for the drawing of attention to the court expansion of the activities of trust companies into new fields and the large additions to their number have created active discussion.

The ease of money was unaltered, but sterling exchange continued to advance. The market was practically level to a very small extent. The latter part of the day and practically all of the day's gains were wiped out under very light pressure of selling. The reaction of the first hour of the market leaders was below last night.

## Views of Vice President of New York Central Railroad On the Situation.

"The only trouble with the country at large, and especially with New York State, seems to me to be the lack of confidence in the country's ability to get through the hard times."

Mr. Nathan G. Gould, vice president of the New York Central Railroad, yesterday, in response to a request from the Associated Press, expressed his views on the current economic situation.

Mr. Gould, who has been in the railroad business for over 30 years, said that the country was in a "hard time" and that the only way to get through it was by maintaining confidence in the country's ability to get through it.

He said that the country was in a "hard time" because of the lack of confidence in the country's ability to get through it. He said that the only way to get through it was by maintaining confidence in the country's ability to get through it.
